About Me

I am an energetic team member seeking an opportunity. My objective is to achieve excellence in my career & provide service with the utmost commitment & dedication. I worked on IOT based web project (including cloud services) with the Python platform Django in my final year project.

Professional Experience

Join Webhub Oct-2022 to present
LARAVEL

A complete section of webinars managed by me on the below eight websites. The admin broadcasts live on YouTube and a video appears on the site, the YouTube player is hidden and handled via an API with JavaScript and jQuery.
- GAMEGUIDEZ
- JAZZESL
- DE-PROSTREAMERS
- ES-PROSTREAMERS
- E-SPORTSGUIDES
- NL-PROSTREAMERS
- NL2-PROSTREAMERS
- US PROSTREAMERS

DJANGO

In my FYP we build a complete IOT based user admin interation website. Website frontend+backend both manged by me.

SUFSAL INTERNATIONAL
A wordPress website completly developed by me.

NOORANI MASJID
A wordPress website completly developed by me.

BATTLE ARENA
A core PHP website, broken front end problem solved by me.

IOWAWHITETAIL
A wordPress website, API calling handeld by me.

DIVDAT
A wordPress website, an input form handled by custom PHP and Javascript by me.

XENFORO
Work on some addons.

FRONTEND WORK
Work on many frontend projects locallay but no any frontend project live.
